WORK EXPERIENCE

Youth Coding Instructor Uncommon.Org

January, 2025 – Present

Through youth coding sessions, I've gained foundational coding skills using Scratch while also growing my confidence, creativity, and teamwork. Teaching and learning alongside peers has helped me strengthen my leadership, communication, and problem-solving abilities in a fun and supportive environment.

WiScience Mentorship GirlUp

April, 2025 – July 2025

Being part of the WiSci mentorship has been an empowering journey. It gave me the chance to connect with inspiring mentors and like-minded peers from across the world. I've gained valuable insights in STEM, built confidence, improved my leadership and communication skills, and learned to embrace my potential as a young woman in tech. The experience has shaped how I approach challenges and opened my eyes to new opportunities in innovation and impact.
